

We, the citizens of the United States, in order to make more informed decisions need more, not fewer, independent media outlets. Concentrating more of the markets into the hands of fewer owners of the methods of disseminating news deprives the populace of fair and diverse news reporting. Do not, through your rule making, take away our freedom of the press by allowing more concentration of media ownership. Only the powerful and wealthy media corporations will benefit by such a move. Your duty is to protect the public access to the public airways.
